I am happy to provide you with the list of distressed properties which were released within the last 10 days.

This list includes the latest foreclosure and future auction property addresses that may you need. You can also request a list of distressed properties for any previous month, starting from January 2018 and I will send it to you. All you need to do is just reply to this email, write the "request" on the subject line and tell me which month you need. For example: "List for March 2018"

Moreover, I am able to send you up to 15 Comprehensive Information Sheets (CIS) about any particular property from that list. There are three different ways to request CIS:

- For single property you can click on "Request Full Information" and send email;
- For several properties, you may reply to this email and just write "request property" in the subject line and then copy "Address" from the list and paste it into your text.
- You may use Adobe Reader for highlighting your interesting properties and send me saved file back.

Thank you.
